

Mobility Assistive Golf Cart
Individual Application Form

The Mobility Assistive Golf Cart provides opportunity for golfers with accessibility needs to participate more independently. This cart is for use by those whose needs cannot be met by a standard golf cart (when one is available). The cart has added features such as hand controls, a seat that pivots, and a hydraulic system with harnesses allowing the user to raise the chair to a semi-standing position.

There are 2 golf carts housed at the Lakeview Par 3. There is no rental fee for those who require use of the City of Regina Mobility Assistive Golf Cart, but all users must apply to be approved and receive an orientation prior to use.

Note: Applications must be submitted at least five (5) business days before the day of intended use in order to schedule an orientation.
